

WORKSHOP ON RECENT TRENDS IN APPLIED COMPLEX ANALYSIS

**June 1 - 5, 2004
Ankara, Turkey**

The workshop on some recent trends in Applied Complex Analysis will be held in the Department of Mathematics, Middle East Technical University, Ankara, Turkey, and is supported by

- The **I**nternational **S**ociety for **A**nalysis, its **A**pplications and **C**omputation (ISAAC)
- Scientific and Technical Research Council of Turkey
- Turkish Mathematical Society – Ankara Branch
- Middle East Technical University.

The workshop may be considered as a continuation of the workshop held in 1998 at the Middle East Technical University, Ankara, Turkey.

Organizers :

- H. Begehr: Free University, Berlin, Germany (President of ISAAC)
- R.P. Gilbert: University of Delaware, USA (Honorary President of ISAAC)
- A.O. Celebi: Middle East Technical University, Ankara, Turkey.

Topics:

- Complex Methods in Ordinary Differential Equations
- Complex Methods in Partial Differential Equations
- Complex Methods for Applied Problems.

Information:

- H. Begehr, e-mail: begehr@math.fu-berlin.de
- A. O. Celebi, e-mail: celebi@metu.edu.tr
